6. Nirmal nirmalya project – On the occasion of Ganesh festival students are encouraged to to bought Shadows Ganpati idol. Each Students are given project to collect all nirmalya of minimum 5 Ganesh mandal and collected nirmalya is used to prepare compost in college.

Practice

composting pits for organic waste from campus cafeterias and landscaping. Placement of the vermi-compost unit at our campus living ensures convenient waste disposal and promotes a sustainable lifestyle to turn organic waste into a valuable resource.

Conduct awareness campaigns on environmental issues.

Best practice 2

To Empower Soft Skills

Introduction

Soft skills are essential qualities that students can develop to enhance their academic performance, personal growth, and future career success. While technical skills and academic knowledge are important, soft skills play a significant role in shaping students into well-rounded individuals who can effectively navigate various challenges and opportunities.

Objective of the practice

- To improve verbal and non-verbal communication skills, this includes active listening, clarity in expression and empathy.
- To foster positive relationships and effective collaboration within team members including conflict resolution, negotiation and networking.
- To cultivate leadership qualities such as decision-making, delegation, motivation and mentorship.
- To increase self-awareness, Social awareness and relationship management Skills to navigate interpersonal dynamics effectively.
- To develop their ability for adapting a change, manage stress

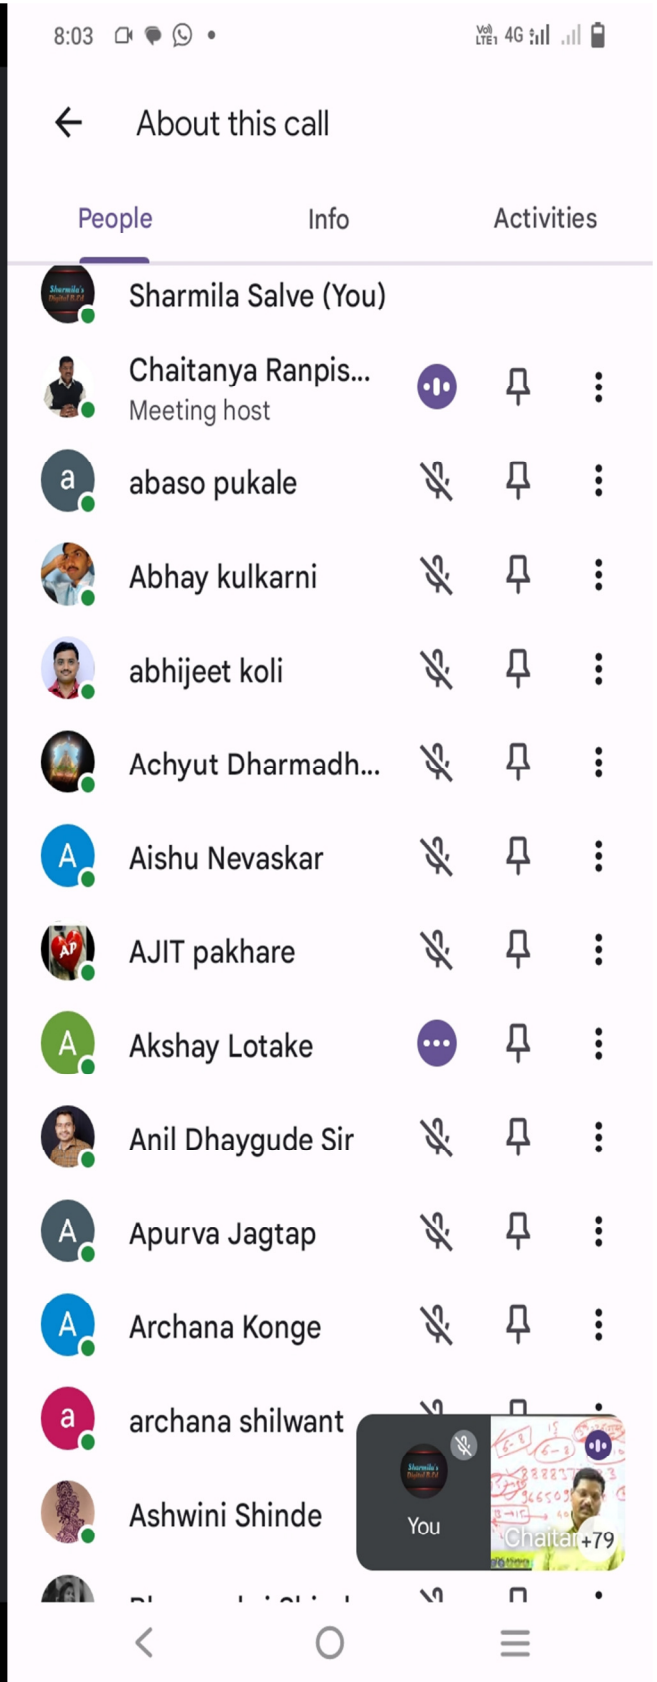

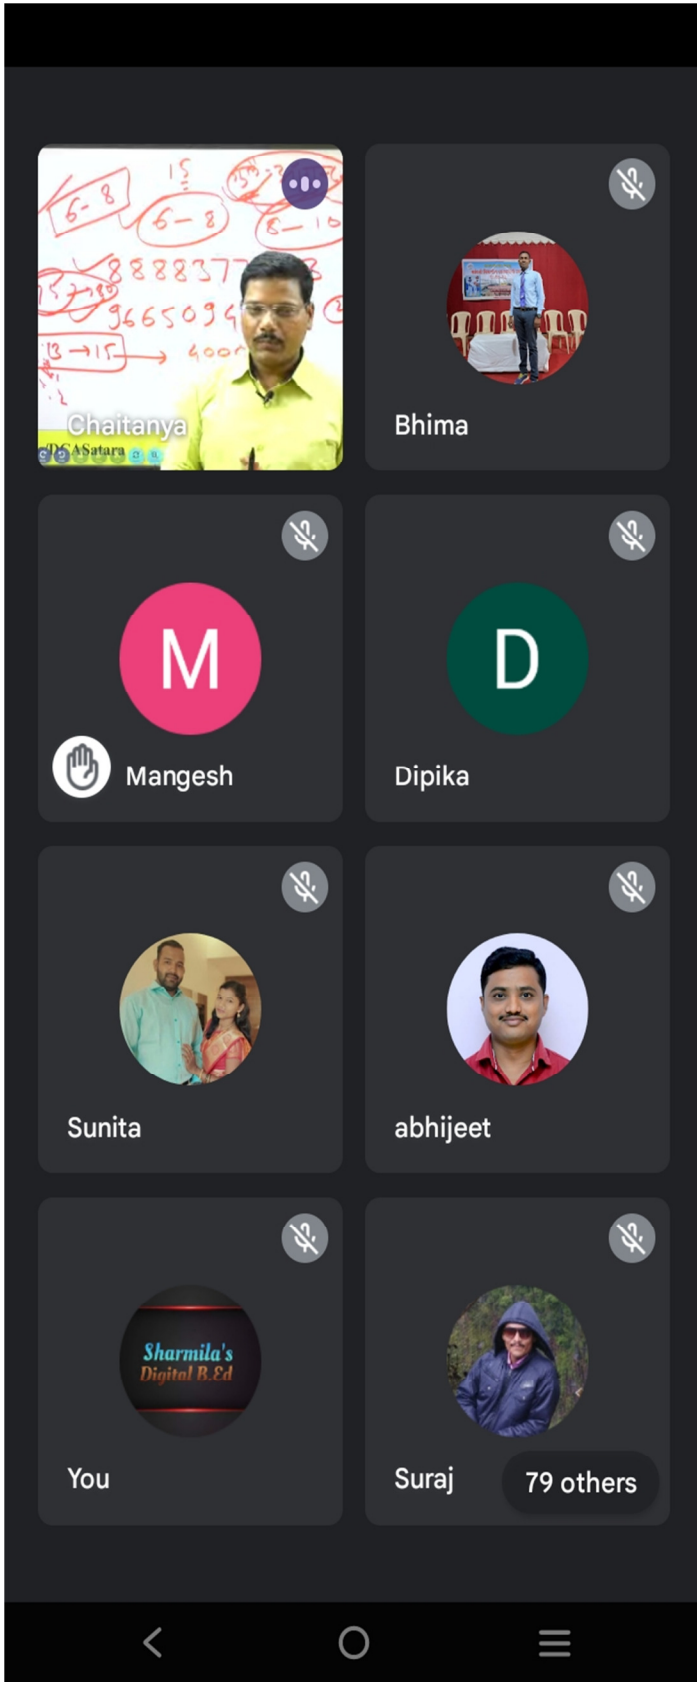

Advantages

Enhanced Academic Performance: Soft skills such as communication, critical thinking, and time management can significantly improve a student's ability to understand and retain information, engage in meaningful discussions, and meet academic deadlines effectively.
